MLS WEEKLY NEWS & INFO

June 1, 2018

We have a new MLS mobile application (app) - Homesnap Pro.
This exciting new tool offers you real-time MLS data in the field whether you use an Android or iOS smartphone or tablet.
Homesnap Pro gives you the flexibility to research homes, contact brokers, and communicate instantly with your clients from your mobile device to theirs - anywhere you are, anywhere they are.
Brokers and consumers can use Homesnap Pro to seamlessly share real-estate information and communicate directly.
