◇ ESSB 6378 – Residential Tenant Protections

- ◇ Adds additional tenant advocate contact information to notices and summons; requires landlords to accept emergency assistance funds if it will pay costs in full; must suspend court action for seven days if notified prior to expiration of pay or vacate notice

49

Proposed Laws Defeated

- ◆ **HB 2520 – Excessive Documentation to Withhold Damage Deposit**
 - ◆ Must document age of all fixtures, equipment and furnishings; time since their installment or replacement; useful life at the start of every tenancy; limits ability to recover for damages.
- ◆ **SB 6490 – Further Limits Screening for Prospective Tenants**
 - ◆ Limits access to criminal records; limits ability to refuse housing to expanded list of convicted felons; law is redundant and will create legal confusion and conflicts as federal law already exists to cover screening of criminal history.
- ◆ **HB 2779 – Rent Control**
 - ◆ Limits rent increases; increases notice timeframes; rent increases above 3% requires 180 days' notice; limits late fees to one-half of 1% of rent; treble damages for violation.
- ◆ **HB 2453 – Just Cause Eviction**
 - ◆ Creates perpetual tenancy; only able to ask a tenant to leave for specific reasons; makes it harder to protect welfare of the property as well as other tenants.

50

Current Ordinance Proposals – City of Spokane

Sections 18.03.005 and 18.03.080 – Eviction Only for a Specific Cause: Similar to HB 2453 and SB 6379; allows removal of tenants for only a limited number of reasons, creates perpetual tenancy, harder to protect welfare of property and community; obviously would be redundant if state laws passed.

Title 10C – Residential Tenancy Code: Limits pet deposits to \$150; no additional rent for pets; fine up to \$10,000 for certain violations; business licensing requirement for landlords; home inspection requirement for landlords prior to each tenancy; distribution of tenant information packets; deposits may not exceed one-month's rent; limits ability to screen tenants properly; codifies and encourages costly and frivolous class-action lawsuits; \$2,000 mandatory relocation assistance under certain circumstances; allows for arbitrary awards of other monetary penalties against landlords.

51

CDC Eviction Moratorium

- ◇ Prohibits Removal of “Covered” Person through 12/31/2020
- ◇ Resident Must Provide “Signed Declaration”
 - ◇ Used best efforts to obtain rental assistance
 - ◇ Makes \$99,000 (\$198,000 family) or less per year
 - ◇ Unable to pay due to substantial loss of income
 - ◇ Using best efforts to make timely payments
 - ◇ Eviction would cause them to become homeless or live in close quarters
- ◇ Rent still and charges due and collectible
- ◇ Evictions for health and safety still allowed
- ◇ Does not apply in jurisdictions with equal or stronger protections

52

Governor’s Eviction Moratorium WA Governor’s Proclamation 20-19.3

- ◇ Currently Extended through October 15, 2020

 - ◇ All Legal Notices State “Vacate”

- ◇ Can Evict for Health and Safety (Judges Setting High Bar)

53

WA Attorney General's Office on the Offensive

◆ Two citations:

- ◆ The first, in Tacoma, the landlord is being sued for tenant harassment based on his actions of excessive sending/posting of reminders of the late rent obligations; for contacting the tenant's employer regarding his employment status; for attempting to get involved in rental assistance activity on behalf of their tenant; and for failing to rescind late fees charges and interest on past due rents
- ◆ The second, a landlord in Spokane County, was cautioned against posting 48-hour notices to inspect his properties. A tenant considered such notification as harassment and so notified the AG's Office. The AG's Office stated that any 48-hour notice to inspect property must include a statement that this request is being made for the safety and well-being of the tenant. Without this qualification, the notice is considered as tenant harassment during this time of the Governor's moratorium/proclamations.
