VERY LONG LINE OF SEPARATORS

### Be Good with your Signs

**Be Good with your Signs.**

Your sign says more than "for sale,"  
It says how you do business.  
Your sign says that you care, or don't.

Do the right thing  
because it's the right thing to do.

A sign that is located anywhere other than on the listed property can become a blight on the landscape and violate the law.

Don't be that person who makes a bad name for all brokers.

Be good with your signs.

Are you being good with your signs?

A sign that is located anywhere other than on the listed property can become a blight on the landscape and violate the law.

Members of your MLS Steering committee have been working hard with SR staff to create a collection of creative assets to help communicate [best practices](#) for real estate sign placement in our area.

Our first piece is a 4" x 9" rack card (pictured) you can share with your teams and brokers. Tap or click on the image and the PDF file will load to your screen for printing and saving, as you may choose.

Send this "camera ready" file to your favorite printer to make hard copies.

If you notice any permanent "off-premises" branded yard signs, please report the location of those signs, with a photograph and any other relevant information, to: [signs@spokanerealtor.com](mailto:signs@spokanerealtor.com).

### Member Benefit: Domus Analytics

Spokane Association of REALTORS® members now enjoy full use of Domus Analytics at no additional member cost.

In today's competitive market, it's essential for REALTORS® to show the value they bring to every transaction through subject matter expertise. Your knowledge needs to be a mile wide and at least a foot deep. And that's a lot. Let us make your job easier.

Domus Analytics dashboards are the most powerful, accurate and easy to use market stats tools available today. We do all the heavy lifting so that you can quickly zero in on your client's concerns and be the expert they need.
