SENTRIKey SHOWING SERVICE®

SentriKey Showing Service Now Live!

We are thrilled to announce that SentriKey Showing is now live, a few days ahead of the originally planned launch date. This will provide you with some extra time to familiarize yourself with the SentriKey app before Homesnap Showings concludes on October 23, 2023.

To access this valuable service, **please keep an eye on your inbox for an activation email from SentriKey.** Inside, you will find a link that will enable you to set up your SentriLock account, including your password and PIN.

Please note that Paragon deep link integration may not be available until Monday, October 23rd. However, you will still be able to schedule showings on the SentriKey App/Website, although there will not be an icon on Paragon to directly transfer you to the SentriKey website.

If you missed the opportunity to attend the live webinar on October 16 and 17, here is the [training video](#) for you to watch or you can visit SentriKey resource [page](#).

If you have any issues trying to activate your SentriKey App, please call 1-513-618-5814 or email at showings@sentrilock.com

This is a SentriKey Showing Service launch only. Supra/SentriLock Lockbox exchange will take place from December 4th to 7th, 2023. [Click here](#) to visit our FAQ page about SentriKey and Homesnap.
