

April 19, 2024

Spokane REALTORS® is transitioning to a new membership portal called, Tangilla. This transition also includes a new Single Sign On (SSO) solution for accessing services provided by Spokane REALTORS®. During this transition, our current members' portal (RAMCO) is frozen. Please do not make any changes to your member portal profile, as these will not be updated automatically in Tangilla.

This change over to the new system will be taking place this weekend. We're excited and looking forward to the benefits it will bring to us all!

**IMPORTANT – Access to Paragon is affected by this change. You will not be able to sign in until you activate your new Single Sign-On account.**

**By Monday evening,** you will receive an email from [help@spokanerealtors.com](mailto:help@spokanerealtors.com) with instructions on how to activate your new Single Sign-On account. If you don't see the email, **please check your junk or spam folder.**

This is a two-factor authentication so the activation requires you to verify your cell phone number and to set a password (you may use your current password). Please have your cell phone handy to complete the activation process.

The activation email is valid for 14 days.

**Following Activation:**

Once your account is activated, you can start to use the new Member Portal ([portal.spokanerealtors.com](http://portal.spokanerealtors.com)), from where you can access the MLS and other services provided by Spokane REALTORS®.
